## MANHOOD: THE RISE AND FALL OF THE PENIS

[DOWNLOAD](#)

Reaktion Books, United Kingdom, 2011. Paperback. Book Condition: New. Reprint. 231 x 155 mm. Language: English . Brand New Book. The ancient Greeks paraded enormous sculptural replicas in annual celebration of the penis; Freud theorized that women suffered penis envy. An undeniable, global symbol of power and virility since the beginning of humankind, the penis has been much discussed, gestured towards and depicted, yet seldom understood outside folklore and popular culture's uneasy mix of self-deprecation and aggrandizement. Despite the penis's central role in human life or perhaps due to that role, many men seem to suffer in isolation or silence from some perceived inadequacy or affliction. That's where experienced urologist and sexologist Mels van Driel comes in. In *Manhood* he offers an unprecedented history of the penis - with answers to everything you ever wanted to know, and even some questions you'd never thought to ask. In *Manhood*, van Driel presents the history of the male sexual organ from medical, psychological and cultural perspectives. Investigating the penis and its functions, from the scrotum to the glans, van Driel's work ranges from inguinal hernia to infertility, and from impotence to the speed of ejaculation. Psychological factors that have an impact on sexual experience, as well as contemporary phenomena such as cyber sex, are given enlightening treatment along the way. With much insight and good humour, van Driel offers diverse and instructive examples. This informative guide is not just a book for men, but for women too - anyone curious to know the facts behind the many myths and stories of the penis.
