Brand New Book ***** Print on Demand *****.Each and every one of us has been given gifts and talents to use in our lifetime. There are different situations that we all encounter to present us with opportunities for tapping into our strengths. The truth is we all have skills inside of us to be leaders if we discover how and when to use them. Leadership Methodology is a special thought provoking poem to help find, guide, explore and challenge the leadership quality parts that reside in you. The seven accompanying poems provide direction and motivation to reveal, examine and explain the ability and understanding of how leadership can work for you.
