Independent India wanted to build a modern, strong, dynamic, and self-reliant nation and embarked on the path of planned economic development. Growth, modernisation, self-reliance, and social justice are the basic objectives governing Indian planning. Dr. D. Swaminathan's lectures presented a clear view about India's planning process. In the context of globalization, reforms in higher and technical education have been set in motion in India. The need for effective cooperation between universities, industries, R and D national laboratories, and the national scientific and engineering associations and bodies has been well recognised for bringing relevance in higher and technical education and for indigenous technology development and sharing of resources. In this context, Swaminathan Model for University-Industry- National R and D Laboratories-Professional Bodies and Academies Interaction for Country's Economic Development plays an important role.
