Hoar Press. Paperback. Book Condition: New. Paperback. 320 pages. Dimensions: 8.5in. x 5.5in. x 0.9in. PREFACE.

- Canadian Rocky mountains offer exceptional attractions to those who enjoy natural scenery, sport, and camp life. Few regions of the world combining mountain, lake, and forest scenery possess the additional advantage of a delightful summer climate, such as obtains in the Canadian Rockies. The extremely wild character of this part of the Rocky mountains, and the very short time since it was opened up to travellers, are probably, in great part, the reasons the lack of literature and the absence of any thoroughly illustrated publication concerning this region. During a period of four years, the author has made camping excursions into many of the wilder parts of the mountains and effected a considerable number of ascents. An excellent camera has been an almost inseparable companion in every excursion, so that photographs of the typical scenery have been obtained from every possible point of view. However, throughout all the processes of photographing, no expense of time or labor has been spared in order to obtain true and artistic representations of nature. Nor have these results been obtained without considerable sacrifice, for in many cases the proper light reflects on lakes and forests required hours of delay, and frequently, on lofty mountain summits, high winds made it necessary to anchor the camera with stones while the cold and exposure of those high altitudes made the circumstances unfavorable for successful work. A map is not included in the volume, as, owing to the wildness of the country, there are no detailed maps covering this region that are entirely satisfactory. The best map, and, in fact, the only one available, is published in Dr. Dawson's Prairies and Forests on this part of the Rocky Mountains. The author makes...
