Pursuant to a legislative requirement, GAO reviewed: (1) the status of the Department of Defenses (DOD) efforts to implement the new federal accounting standard for disclosure of liabilities, such as aircraft disposal; and (2) whether an estimate of the minimum disposal liability for aircraft, including the removal and disposal of hazardous materials, could be made. GAO noted that: (1) DOD has not implemented the federal accounting standard that requires recognizing and reporting liabilities such as those associated with aircraft disposal, nor has DOD provided guidance to the military services; (2) aircraft disposal is an ongoing process and the cost can be reasonably estimated; (3) accordingly, these activities meet the criteria for a reportable liability; (4) information on the three major disposal processes--demilitarization, storage and maintenance, and hazardous materials removal and disposal--is available to develop cost estimates; (5) Congress has recognized the importance of accumulating and considering disposal cost information; and (6) in the National Defense Authorization Act for Fiscal Year 1995, Congress required DOD to develop life-cycle environmental costs, including demilitarization and disposal costs, for major defense acquisition programs. This item ships from La Vergne, TN. Paperback.
