TRIBAL DEVELOPMENT IN INDIA: CONTEMPORARY ISSUES AND PERSPECTIVES

Manglam Publications, 2010. Hardcover. Book Condition: New. Various Authors lication encompasses a remarkable collection of Research papers by specialists and scholars on different aspects of tribal development across disciplines. This volume examines the Kaleidoscope of tribal development paradigm and attempts to offer some valuable insights to eradicate the bottlenecks of tribal development. It has focused on successive paradigm shifts in tribal development Policies and strategies at different points of time. It is expected that the endeavor will provide intellectual stimulants to those who cherish interest in this field. Development is a continuous process. This has been taking place in Society since time immemorial. However it has acquired greater intensity and velocity in the last five decades. Development is not merely an economic phenomenon. It encompasses more than Financial side of people`s lives. Development should be perceived as a multi-dimensional process involving the reorganization and reorientation of the entire economic and social system. In this Context tribal Development is viewed as improvements in institutional, social and administrative structures, Positive changes in attitudes and in many cases, even customs arid beliefs. It also emphasizes on acceleration of economic growth, the reduction of inequality and the eradication of absolute poverty. To examine all these issues, various Authors have discussed in this volume the issues and perspectives of tribal development, Criticism of development perspective, scope, conditions and barriers of tribal development. While analyzing the critical issues involved in tribal development perspective, they have shared their enormous experiences of developmental process in tribal society. Hope the Book will invite wider interests from its readers and generate concerns and curiosity to carry on further research in this area.
